VI. Inquiries Menu

Account balances

From this inquiry you see the balances of all accounts, added to your registration, as well as the amount you dispose with, whether you have allowed overdraft, restricted amounts.

Account statements

When you load the inquiry, the following screen appears:

The screenshot shows a window titled "Choose account". At the top, there is a dropdown menu with "---" selected. Below it, there are two date selection fields. The first is labeled "For the period from" and contains the date "01.01.2016". The second is labeled "To" and contains the date "08.01.2016". Each date field has a calendar icon and a refresh icon. At the bottom of the window, there are two buttons: "Cancel" and "OK".

From the dropdown menu select the account and the period, for which you would like to receive a statement. After that you select *OK*.

You print with the *Inquiry print* button.

Authorized amounts of transfers

Blink broadcast transfers awaiting posting can be seen in the reference.

Deposit maturity dates

You see and control the maturity dates of your deposit accounts, their maturity dates, interest conditions, as well in what currency the deposit was opened.

Loans condition

After you select the account, on which the Bank granted a loan to you and you confirm with *OK*, the

system gives you information about the maturity dates (the dates) for the due principal and interest, as well as about the processed and unprocessed installments.

Foreign exchange rates, with which the Bank operates

This report shows you the “buy“ and “sell“ rate of the currencies, with which the Bank operates, as well as the BNB reference rate. The rates are subject to a change, depending on the fluctuations at the international foreign exchange markets.

Inquiry reference rate for a past period

The inquiry shows the reference FX rate for your past date and currency.

Cards

Issued cards

If you have issued debit cards, from this inquiry you can see the number of the bank card, at which branch it is opened, the restricted amount for BORIKA and the name of the cardholder. Here you can see the movement on your card account. On the credit cards, registered in the *CCB Online Lite* system, you can follow the current balance, the disposable limit for use and the minimum installment for repayment for the respective month, as well as print the movements on the card. You can also generate and print a statement as at a date, which has to be the last calendar day of the preceding month.

Block/Unblock cards

The menu displays all your debit and credit cards, on already added accounts in CCB Online. Information about the type of card, part of the card number, number of the bank account on which the card was issued, as well as the bank branch to which the card account was opened. From the field "Valid until" you are informed about the date until which the card is valid, and the field "Status" reflects the status of the card.

Selecting the icon for detailed viewing of a record displays information about the card and a "Block" or "Unblock" button depending on whether the card is blocked or not.

When selecting the "Block" or "Unblock" button, a password is required. After entering the password and performing the operation, an informative message about the successful Blocking/Unblocking is displayed on the screen.

VII. Change of a password

In case you have received your username and password in a sealed envelop, you must change your password upon the first log into the system!

If you want to change your password, select the Settings menu in your personal profile and select the “Password change” button. The following screen appears in front of you:

Enter the old password, new password and confirm new password in the three fields and select the “Preview” button.

If the system accepts your password, the following screen appears:

You need to enter the SMS code received on your mobile phone ,then press the “OK” to confirm new password.

Note: If you are a user of the Internet banking and the CCB Online Lite service, then a change of your password in the one service means that your password has been changed in the other service.

VIII. Forgotten password

In case you have forgotten your password for the Internet banking service, you should submit an application to change the password at the Bank’s web site from the main screen for log into CCB Online selecting the option “New password”, and again “New password”. You enter a username, an email address, after that you complete the field for password, and you confirm the new password for access.

Select the preview button, after that confirm with OK. At the email address specified by you, you will receive a code to activate the new password.

The confirmation of the new password is made at an office of the Bank. Upon your visit at the Bank office, you should present the code of the employee, necessary for confirming the new password.

In case you like to effect operations, which are not accessible and allowed via the CCB Online Lite service, you can use the CCB Online service via OES or visit an office of Central cooperative Bank.

IX. Security recommendations

Your responsibility as a user of the online banking is to keep your personal means for identification, according to the requirements in **the General terms and conditions of “Central Cooperative Bank” Plc**

Sticking to the abovementioned measures to a great extent increases the security of the online banking, used by you, as well as the access to the information and the funds on your bank accounts.

- Use passwords with a length at least 6 characters, obligatory small and capital letters, digits and special symbol. Passwords with a length less than 6 characters or letters only or digits only can easily be discovered.
- Do not save your username and password in the memory of the browser or the computer, which you use.
- Periodically change your password for an access to the service CCB Online Lite.
- Use "Exit" to terminate the session with the bank. This makes your session invalid immediately, instead of staying active further 5 min.
- Use antivirus programs on the computer, which you use and follow the anti-virus programs update.
- Avoid using the CCB Online Lite service at Internet clubs and at computers, for which you are not sure for what and by whom they are used.
- Check via the “Inquiries” menu and “List of the sessions”, when and at which IP address the CCB Online Lite service is used.
- Regularly and carefully follow the movements on your accounts. If you find any problem – call at – 02/ 92 66 666.
- Do not trust an email, in which confidential data is requested, even if it is received from familiar senders. Central Cooperative Bank never requests from its clients via email passwords, a username, PIN-codes, bank card numbers or other confidential information.
- Upon the receipt of suspicious emails, do not respond to the specified links or appendices.
- Do not install and use software of suspicious origin.

Dear clients, despite the security measures taken by you, upon a suspicion of an unauthorized access to CCB Online Lite on your behalf, please inform us immediately!

X.Messages

The "Messages" section contains all official messages from the Bank and those for advertising purposes, arranged in chronological order.

By selecting a specific message, an additional screen opens with the text of the entire message.

In the "Options" menu of the service, there is a field "Consent to receive/withdraw advertising messages - from here it is possible to request and withdraw consent to receive communications for advertising purposes from the Bank.
